What a great July 4th celebration we had, starting with our parade from the Rec Center to White Sands Beach. We had a great turnout of residents in the parade. The entrant winners are listed below. Please check out the photos on Pages 10 and 11 for more scenes from the rest of the day's celebration. We estimate that 400 people were in attendance at White Sands Beach. Our thanks go out to the

Tampa Bay Ski Show Team for another awesome show! Thank you to Whaleys for excellent barbecue and Burger

Monger for donating the great hot dogs. Thank you to Neil Norden for donating the iced drinks. Special thanks to Neil Norden and Jackie Lais for all their hard work in planning, strategizing and managing the day's activities for our great Community!

The CRD Meeting, A Resident's Perspective:

by Roxanne Clapp, Editor

Mary Sadler likes to keep up with what is happening in the neighborhood. This is why Mary took her new neighbors, Andrea & Jack Griffie, to the CRD Meeting on July 13 just to show them what the Board does. I use "new" fairly loosely here. Andrea and Jack moved to Original Carrollwood over

a year ago; but Mary has lived in her OC home since 1960, so one or two years is still relatively new to her. Mary and her husband, Bill (deceased), purchased their house on Lake Carroll Way in May/June 1960. She is the original owner and is one of the longest standing residents of Original Carrollwood.

The trio sat through the entire meeting from 6:30 p.m. to 8:20 p.m. and listened to it all! They were very impressed with the Board's work *(continued on Page 16)*

Bonnie, along with her children Tobin and Kaelan, were the first to relocate to Florida from Canada. She was drawn to the huge trees and lush greenery. They moved to Carrollwood in 1999 as a couple after a year-long search for a home in Tampa.

We love the Community and our wonderful neighbors. John is our lawn maintenance guy and finds it relaxing to putter in the yard. There is so much to learn about what will (and will not) thrive in Florida. Not everything we've planted has been successful, but we are getting better at it. It is an honor to be chosen for the "Yard of the Month" and also quite humbling because it seems that all the homes in Carrollwood are lovingly maintained.

4th of July Celebration

Mia Christy, Most Patriotic Girl

by Jackie Lais

Original Carrollwood enjoys another successful 4th of July event! There is nothing better than a parade, BBQ, family, friends and a ski show around our Lake Carroll. The parade was a showcase of costumes, decked out bikes and golf carts, residents waving hands, flags and tails of the 4 legged kind along the route. Remember that pets are always welcome to join the parade, but we do not allow them at White Sands Beach.

Special thanks to Golfer's Grail Indoor Golf and to Shari and Danielle with J'adore Designer Boutique for the donated gift certificates for the Most Patriotic Adult

Male and Female. Thank you to Todd once again with Whaley's BBQ for giving us exactly what we needed for this celebration; as well as, Jake and his team at Burger Monger for being the perfect addition with their hot dogs and "I can't make up my mind" toppings. Thank you again for the fantastic ski show performed by Tampa Bay Water Ski Show. We simply cannot have a 4th of July party without them.

Please visit these local businesses often and thank them for their support!

This successful event was made possible by the Carrollwood Community Association. Additional thanks to Neil Norden, and all the residents, friends and family that stuck around to help cleanup at the end. Biggest thanks to our young leaders who stepped up and pulled it off as volunteers.

Thank you for the biggest turn out yet!

Goin' to the Dogs!

by Roxanne Clapp, Editor

In March, Paul Siddal had a great presentation for the dog park renovation. He shared his sketches for reproduction in *The Caroler* but reproduction in black and white just doesn't do them justice, so here are some photos that show the progression of the renovation.

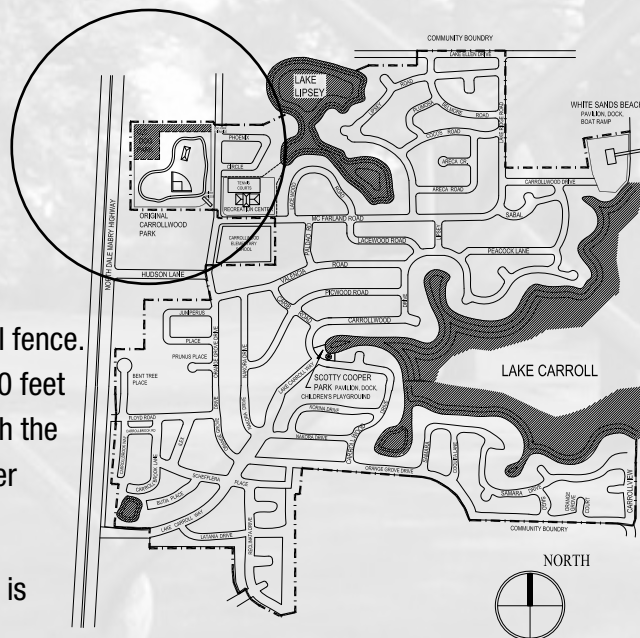

The new fence was installed after removal of the damaged green fence and replaced with a galvanized commercial fence. The Dog Park grew 360 feet longer to the south with the renovation, giving Rover extra room to roam!

The finished product is

now available for all to enjoy. Most especially the dogs!

The dog park is located in the north western corner of Original Carrollwood with an entrance from Orange Grove Drive, as shown on the diagram below.

Photos courtesy of the Clapp family and other Original Carrollwood Dog Park visitors showing the progression of the renovation.

Note: The dog park is a beautiful place to take your dog to play, but it doesn't reproduce well in black and white photographs. Take a walk over there with Fido to check it out, and enjoy!

and the way they keep up with their duties and keep the neighborhood so nice. "They are a very organized bunch, not excitable, and handle the meeting beautifully." "Obviously," Mary said, "they are very interested in doing what they are doing, because they are so good at it."

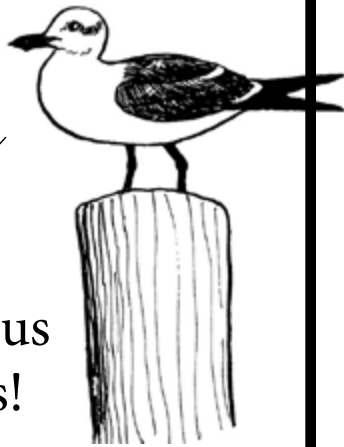

Mary Sadler's favorite place in the neighborhood outside her home is White Sands Beach where she and her friends often go for picnics. Her favorite event is the 4th of July Celebration. When I asked Mary how much she enjoyed living in OC, "Couldn't ask for anything better," she replied. "I enjoy my livin' here."

Wakesurfing Setup

by Jerrod Mills, former Hyperlite team rider and Original Carrollwood resident

This month we are focusing on setting up your boat for wakesurfing. Knowing your boat setup is one of the most important parts of enjoying the endless wave and going ropeless.

1. Boat and Equipment:

Inboard boats are recommended for wakesurfing. Outboard and I/O boats are not safe for wakesurfing. I always recommend getting a wakesurf specific rope. Wakesurf ropes are shorter in length, thicker and easy to hold onto. Using a ski rope can cause injury from the long thin material getting wrapped around a foot or hand. And with any waterskiing activity, a coast guard approved life jacket is recommended.

2. Ballast Setup:

For wakeboarding and surfing, the key to a larger wake is displacement of the hull. More weight in the boat causes more displacement and larger wakes. Many of the newer wakeboard boats come with ballast systems installed. Also, some new boats have surf systems installed. These surf systems will allow you to weight the boat differently (or produce a wave with minimal weight added). Make sure you are familiar with the system your boat comes with. I will focus on the basics for the majority of boats.

To increase the size of the wave and push, you will need to increase the weight in the boat. The general rule is to add weight to the side of the boat that you will be surfing on. Weight can be additional ballast bags and/or people. You will be “listing” the boat toward the side you are surfing on. If you put more weight in the back of the boat, the wave will be taller but shorter in length. Putting weight in the front of the boat will increase the length of the wave but make it shorter in height. Spend time experimenting to find the best setup for your boat.

One thing to note, Lake Carroll has several shallow areas. While wakesurfing, you will see the best wave when you are in 10' or more in water depth.

If you have any questions about setting up your ballast for wakesurfing or wakeboarding, feel free to email me at: kristajerrod@gmail.com

Puzzle of the Month

BRAIN TEASER

You will know that I am coming
From the jingle of my bell,
But exactly who I am is not an easy thing to tell.
Children, they adore me
for they find me jolly,
but I do not see them when the halls are decked with
holly.
My job often leaves me frozen,
I am a man that all should know,
But I do not do business in times of sleet or ice or snow.
I travel much on business,
But no reindeer haul me around,
I do all my traveling firmly on the ground.
I love the time of Christmas,
But that's not my vocational season,
And I assure that is because of a sound economic
reason.

Who Am I?

Email the Editor at Rox@rox-c.com before August 14 with your answer.
All that reply will have their name, along with the solution, posted in the September issue of *The Caroler*!
